RESTful APIs  
Jenkins

## PROFILE

Results-driven Software Developer with 4+ years of experience designing and implementing scalable applications. Notable achievements include reducing customer order failures by roughly 40% through systematic bug detection. Proficient in full-stack development with expertise in TypeScript frameworks, Angular, Python, Java, and SQL. Seeking to bring technical expertise and innovative problem-solving skills to a dynamic development team.

## EMPLOYMENT HISTORY

### Software Developer 1, C Spire

Jackson, MS

Aug 2021 — Present

Primary Tech Stack: Angular, Java, Spring, HTML/SCSS, RESTful APIs, Git, SQL, Docker, JSON, JavaScript, XML, Microservices, Node.js

#### Frontend Development & UI/UX

- Led Business-to-Business customer purchase flow redesign, transforming legacy JSP application into modern Angular web application
- Managed offshore team development through code reviews and pair programming sessions
- Developed multiple production features including: Same Day Renewal with interactive calendar, International Day Pass, 11-month service promotion, Insurance purchase flow, and Credit Check Failure Deals

#### System Optimization & Bug Resolution

- Reduced cart error rate by 40% through systematic debugging and analysis of customer session data
- Applied full-stack debugging skills to resolve critical issues in Angular components and Java backend services

#### Cross-Team Collaboration

- Participated actively in Agile ceremonies including daily stand-ups and sprint planning sessions.
- Collaborated with middleware teams to design RESTful API interfaces, creating detailed technical documentation for seamless data flow between systems.
- Contributed to code reviews and worked with QA to establish comprehensive test cases

#### Project Leadership

- Served as primary developer for multiple projects including Voice Over WiFi, FedEx delivery services, and Lower Credit Class Customer's deals
- Consistently delivered on sprint commitments while managing multiple parallel priorities
- Created knowledge-base articles and documentation to improve team efficiency

## EDUCATION

### Software Development Certification, Base Camp Coding Academy

Water Valley, MS

Aug 2020 — Aug 2021

[www.basecampcodingacademy.org](http://www.basecampcodingacademy.org)

A non-profit program that offers challenging, hands-on software development training to students in the Mississippi area with a 100% scholarship.

**Languages:** English, Punjabi, Hindi
